Abordagem ao Gato Sénior

PALESTRANTES:

Dra. Nathalie Dowgray

Nathalie graduated from Massey University, New Zealand in 2002. In 2012 she sat the Membership exams for the Australian and New Zealand College of Veterinary Scientists in Feline Medicine and is a RCVS advanced Practitioner in Feline Medicine. She received a post graduate diploma in international animal welfare ethics and law from Edinburgh University in 2016 and completed a PhD in the ageing of cats at the University of Liverpool in 2021.

Nathalie's areas of interest are all things feline including feline health screening, musculoskeletal disease and age-related disease. Nathalie joined iCatCare as Head of ISFM in August 2020.

Enf. Vicky Halls

Vicky is the Head of Unowned Cats for International Cat Care. She is a registered veterinary nurse and clinical animal behaviourist, having spent over 27 years specialising in cats. Vicky has lectured all over the world on cat behaviour to veterinary and lay audiences and now speaks most frequently on topics related specifically to unowned cats, including cat population management and International Cat Care's model for working with unowned pet cats - Cat Friendly Homing. Vicky has previously worked in both the National Health Service in the UK and private practice as a certified person-centred counsellor. Vicky is the author of seven best-selling books on cats for the general public, several peer-reviewed papers for scientific journals and co-author of veterinary textbooks and published guidelines. At home, Vicky is a slave to the demands of L.C, her 'pre-loved' elderly black cat.
